ON FARM LEARNING SOLUTIONS THAT WORK FOR FARMERS

Farm management is a complex and changing business. Take this opportunity to learn new skills with other farmers. We are forming learning groups that will meet mainly online (no need to leave the farm).

Choose your Diploma from the following: Agriculture, Agribusiness Management, Horticulture, Viticulture, Organic Farming (course details available on our website)
coming in 2014: Conservation & Land Management

VET FEE-HELP

Vet Fee-Help is a government scheme to give all Australians access to training. There are no assets or income tests.
